

City  
Nature  
Challenge  
ABQ 2021

# GES vs BIO -SHOWDOWN-

**W**ould you like to participate  
in a citizen science challenge?

Using just your phone, join other UNM students and alumni in the worldwide **2021 City Nature Challenge** by taking photos of wild plants & animals in the Middle Rio Grande Valley from Apr 30-May 3.

GES and BIO are going head-to-head, and all of us are working together to help Albuquerque compete against other cities.

*Pick your team, and follow these steps to join the challenge.*

1. Download the iNaturalist app and create an account.

2. Sign up for a team, and invite your friends too!

Team GES: <https://www.inaturalist.org/projects/unm-ges-city-nature-challenge-abq-2021/>

Team BIO: [https://www.inaturalist.org/projects/unm-bio-city-nature-challenge-abq-2021](https://www.inaturalist.org/projects/unm-bio-city-nature-challenge-abq-2021/)

3. From April 30-May 3: Take pictures of plants and critters wherever you see them, using iNaturalist. The team with the most photographs wins!

4. Follow us on social media to watch the leaderboard:
